SURFACE PREP

New Wood Surfaces: Make sure surface is dry & clean, free of dirt dust & mildew. Check dryness of surface by sprinkling water on wood to be stained. If the water is absorbed rapidly into surface, wood is ready for stain. If water is not rapidly absorbed, allow wood to weather 2-3 days and test again. Clean stains on newly constructed wood projects before applying stain. **Older Weather Wood Surfaces:** Make sure wood surface is dry & clean, free of dirt, dust and mildew. **Previously Stained Wood Surfaces:** Make sure wood surface is dry & clean, free of dirt, dust and mildew. Clean and prepare previously stained wood. Apply similar or dark color shade of stain to renew protection and beauty of wood.

APPLICATION

Majic House, Deck & Fence Stain should be shaken or stirred thoroughly before use. Do not dilute with additional water. Stir occasionally during use. Apply stain by brush, roller or spray. Back brushing is recommended when spraying to assure uniform coverage and appearance. Use on exterior surfaces only. Protect vegetation from over spray and drippage. Do not apply Majic House, Deck & Fence Stain in direct sunlight or when temperature is below 50° F. Before use, test on a small area of surface to preview color appearance. Allow to dry in precipitation-free weather for 24 hours. To minimize lap marks, stain 3 to 4 boards, always working from the wet edge of the job. One coat is normally adequate. The color of the product may vary dependent on species of wood, age, graying, grain pattern, heartwood content, number of applied, coats and thoroughness of mixing.

WARNING

If you scrape, sand or remove old paint, you may release lead dust. **LEAD IS TOXIC. EXPOSURE TO LEAD DUST CAN CAUSE SERIOUS ILLNESS, SUCH AS BRAIN DAMAGE, ESPECIALLY IN CHILDREN. PREGNANT WOMEN SHOULD ALSO AVOID EXPOSURE.** Wear a NIOSH approved respirator to control lead exposure. Clean up carefully with a HEPA vacuum and wet mop. Before you start, find out how to protect yourself and your family by contacting the National Lead Information Hotline at 1-800-424-LEAD or log on to www.epa.gov/lead.
