LANDSCAPE & MULCH BOND

Keeps mulch in place!

Purchase 48 Gallon Assortment and Receive a Floor Display FREE

Green Majic Landscape & Mulch Bond is a game changer when it comes to securing all types of landscaping substrates.

This **ready to use** product is formulated to securely lock and keep landscaping materials such as wood chips, mulch, gravel, sand, and pine straw in place and lawns and driveways clear of landscaping debris. It is a great choice for professional and DIY's for a long lasting, resilient look that holds up in all types of harsh weather.

The compact display holds 36 bottles and does not require a lot of floorspace. The informative and beautifully designed header and side graphics appeal to customers and gives useful information for use. Display size: 24" L x 20" W x 58" H
